Your job is to find connections between the book and the outside world. This is called "schema". There are 3 kinds of schema:

Reading Text to Self- What does the text you read remind you of something in your life?

Reading Text to the World - What does the text you read remind you of something happening in the world? Think about current local, state, national, or world events.

Reading Text to Text - What does the text you read remind you of in another book you read?

Give a detailed description of the connection that you made while reading. Please use complete sentences. Tell why you made the connection.
