Step 1. Ask if anyone knows the meaning of the first word. Check the definition to see if they are correct.

Step 2. If they are not correct read the sentence aloud. See if anyone can figure out the meaning. Check the answer.

Step 3: If no one knows the meaning then read aloud the definition. Everyone should write the words in their vocabulary notebook.

Discussion Review: Please write in complete sentences about the discussion. Did everyone participate? Did anyone know the meanings of the words? If so, which words?
